- Strayer University equivalency: Introduction to Biology (SCI 115)

Course description

Sophia's Human Biology course helps you analyze fundamental biological principles from a human perspective. Human Biology topics include the molecular and cellular basis of life, genetics, organ systems, and the impact of nutrition and exercise on human health.

Assessments & grading

This is a pass/fail course. You must complete 18 Challenge assessments (these are like quizzes) and 6 Milestone assessments (these are like tests) with an overall score of 70% or better.

Learning outcomes

At the end of the course, you'll be able to:

- Describe basic human biology concepts
- Describe skeletal & muscular systems
- Articulate Nervous System and Sensory System related to human health
- Analyze respiratory, circulatory, immune, and digestive systems
- Describe urinary, endocrine, and reproductive systems
- Describe genetics and biotechnology and their application
